Anyaman Banyuwangi Craft

---

**Indonesian Handwoven Craft for Architectural &  
Interior Applications**

# About Us

Anyaman Banyuwangi Craft is an Indonesian craft manufacturer specializing in high-quality handwoven products made by skilled local artisans in Banyuwangi, East Java. Rooted in traditional weaving techniques and refined through modern quality standards, our products are designed to meet the needs of architectural, interior, and decorative applications.

We combine local craftsmanship with consistent production and material quality to serve domestic and international markets seeking authentic, functional, and aesthetically refined woven materials.

# Our Vision

To preserve Indonesian weaving heritage while becoming a trusted supplier of premium woven materials for global architectural and interior design needs.

# Our Mission

To produce high-quality woven products through skilled craftsmanship, consistent standards, and reliable service to meet project and market requirements.

# Our Products

Our products are crafted with a strong focus on quality, functionality, and aesthetic value. Each item is carefully produced using selected materials and traditional techniques, combined with modern design to meet market needs. We offer a range of woven products with consistent patterns, durable structure, and neat finishing, suitable for both local and international markets.

Our products are designed to be versatile, long-lasting, and customizable to meet buyer specifications, making them ideal for retail, wholesale, and export purposes.

# Quality Craftmanship

Our products are made through a careful production process that focuses on craftsmanship, quality materials, and attention to detail. Each woven piece is handcrafted by skilled artisans, combining traditional techniques with modern standards to ensure durability and aesthetic value.

## **Skilled Handcrafted Process**

Each product is handmade by experienced artisans, ensuring precision, consistency, and authentic craftsmanship in every detail.

## **Carefully Selected Materials**

We use high-quality materials that are durable, well-structured, and suitable for long-term use in various applications.

## **Neat Finishing & Quality Control**

Every item undergoes quality checking to ensure clean finishing, uniform patterns, and reliable product standards.

# Our Commitment

We are committed to preserving local craftsmanship, maintaining product consistency, and building long-term partnerships with our clients.

01

## Craft Heritage

Supporting local artisans and preserving traditional weaving techniques.

02

## Product Consistency

Ensuring uniform quality across every production batch.

03

## Client Satisfaction

Providing responsive service and flexible solutions for project needs.

# Material Selection

We carefully select materials to ensure quality, durability, and visual consistency in every product. Each material is chosen based on strength, flexibility, and suitability for weaving, ensuring the final products meet both functional and aesthetic standards. Our selection process supports long-lasting use while maintaining the natural character of handcrafted work.

01

## Carefully Sourced Materials

Materials are selected from trusted sources to ensure consistency in texture, color, and strength.

02

## Durable & Functional Quality

We prioritize materials that are strong, flexible, and suitable for long-term use in various applications.

03

## Consistent Appearance & Finish

Selected materials allow uniform patterns and neat finishing across every product.

# Why Choose Us

Choosing Anyaman Banyuwangi Craft means working with a partner that values craftsmanship, quality, and reliability. We deliver authentic woven products with consistent standards and professional service.

01

## Skilled Artisans
